### AREAS THAT ARE NOT TO BE TREATED

*This applies ONLY to County State Aid Highways & County Roads.  
This does not apply to township roads or state and federal highways (ex. TH 169 or MN 47).*

Please provide a detailed description of area not to be treated on your property. Specifically list beginning point and ending point.  
(If possible, please attach map describing the location.)

Approximate length of "No Spray" area (e.g. 300 feet, ½ mile, etc.) \_\_\_\_\_

### Terms and Conditions of No Spray

I (We) understand and accept the terms and conditions that will be granted by this request and in doing so will post these areas with "No Spray" signs so they are clearly visible and the area is well defined.

Two "No Spray" signs will be provided to each application. Both signs are to be placed on the backslope of the ditch facing the area to be sprayed and at a height tall enough to be seen over the grass height. Signs must be placed marking the beginning and ending point of "No Spray" area. **Signs must be in place by May 01, 2020 and remain in place until October 31, 2020.** It is the landowner's responsibility to make sure the signs are visible and posted during this time period.

I (We) understand that by requesting that no herbicides be used in this area, I (We) are now responsible for the vegetation management on the above described portion(s) of this right-of-way, including annual and noxious/invasive weed and brush control. I (We) also understand that a signed notification must be renewed annually.
